

# AYUR SAGATHIYA

UI/UX Designer | Product Designer

Junagadh, India • ayursagathiya@gmail.com • +91 9016181546 • Portfolio • LinkedIn

## PROFESSIONAL SUMMARY

UI/UX Designer with hands-on experience across 3+ end-to-end product design projects and 200+ mobile screens, spanning user research, information architecture, wireframing, and interactive prototyping. Skilled at translating user research and journey mapping into scalable design systems that improve usability and support smooth developer handoff. Completed a UI/UX Designer Internship, with a working understanding of front-end fundamentals that supports smooth design-to-development handoff.

## CORE SKILLS

**Design:** UI Design, UX Design, Product Design, Interaction Design, Wireframing, Prototyping

**Research & Strategy:** User Research, User Flows, Journey Mapping, Information Architecture, Usability Testing

**Tools:** Figma, FigJam, Adobe Photoshop, Adobe Illustrator

**Languages:** English, Hindi, Gujarati

## EXPERIENCE

### UI/UX Design Intern — Ashutec Solutions Pvt. Ltd.

Dec 2025 – Apr 2026

- Designed high-fidelity wireframes and interactive prototypes in Figma, translating research findings into user-centered interfaces for client-facing projects.
- Conducted user research and applied direct user feedback to iterative design revisions, improving usability and interaction flow across key screens.
- Collaborated with cross-functional development teams during design handoffs, maintaining visual and interaction consistency between design specs and shipped product.

## FEATURED PROJECTS

### Voltify — EV Charging Mobile Application

2026

Role: UI/UX Designer

- Led end-to-end UX research, including user personas and journey mapping, to define core user flows for an EV charging mobile app.
- Designed 200+ high-fidelity mobile screens and built a reusable design system and component library in Figma to ensure visual consistency at scale.
- Built interactive prototypes to test and validate user flows ahead of development handoff.

### Lounge Coffee — Coffee Brand Identity & Website

2026

Role: Product Designer

- Designed a cohesive brand identity and responsive web interface, aligning visual design with brand positioning.
- Created an interactive prototype and reusable design components to streamline handoff and collaboration with developers.

### Gym Web Design — Power House Gym Website

2026

Role: UI/UX Designer

- Designed a full-scroll fitness website homepage in Figma across eight sections — hero, programs, membership, trainers, and contact — structured as a clear conversion funnel from awareness to sign-up.
- Built a 3-tier membership pricing layout with a highlighted 'Most Popular' plan and feature checklists to help users compare plans and decide faster.
- Created a reusable component system (feature cards, trainer profiles, pricing cards) with social proof and a lead-capture contact form to support trust and conversion.

## EDUCATION

### Master of Computer Applications (MCA)

2024 – Present

Noble University

## CERTIFICATIONS

- UI/UX Designer Internship Certification — Ashutec Solutions Pvt. Ltd.
